THETA PROGRAM

THETA PROGRAM

SUNDAY 16TH APRIL 2023

1300 – 1600	**Registration open**	Plaza Auditorium Foyer
1730 – 1930	**THETA Welcome Reception** Join us at the Welcome Reception where you'll enjoy local wines and cuisines while reconnecting with colleagues. **Location**: Brisbane Exhibition and Convention Centre (BCEC) **Dress code**: Business casual or neat casual	

MONDAY 17TH APRIL 2023

0730 – 0830	**Registration & Exhibition Open**	Plaza Auditorium Foyer
	Plaza Auditorium	
0830 – 0900	**THETA 2023 Opening Ceremonies** Welcome to Country Conference Chair: Welcome to THETA 2023	
0900 – 0950	**Keynote: Anders Sörman-Nilsson** **Global Futurist** **2nd Renaissance: The Future of Education for a Humanist Age** Anders Sörman-Nilsson (Global EMBA / LLB) is a futurist and the founder of the think tank and trend analysis firm – Thinque, which provides data-based research, foresight and thought leadership assets for global brands across 4 continents.	
0950 – 1020	**Keynote: Jason Lodge** **Associate Professor of Educational Psychology** **Focussing on what really matters for quality learning and teaching with technology** Jason Lodge, PhD is Associate Professor of Educational Psychology and Director of the Learning, Instruction, and Technology Lab in the School of Education and Deputy Associate Dean (Academic) in the Faculty of Humanities and Social Sciences at The University of Queensland.	
1020 – 1030	**President Address – CAUDIT**	
1030 – 1100	**Morning Refreshments**	Plaza Auditorium Foyer & Concourse

● Lightning Talk
● Dynamic Delivery
● Embracing Disruption
● Quality Learning in the Digital World
● Testing Times
● Online and Multi-Modal Learning for Equity Students
● Cyber Complacency
● Teaching to the Attention Economy
● Cybersecurity
● AI and the emergence of ChatGPT

1100 – 1155	Dynamic Delivery	Embracing Disruption	Quality Learning in the Digital World	Testing Times and Accessibility	Embracing Disruption	Cybersecurity
Chair	Ben Conyers, UNSW	Liz Hall, Flinders University	Michele Dale, James Cook University	Seb Dianati, Charles Darwin University	Ashish Bharadwaj, Torrens University Australia	Vito Forte, Edith Cowan University
	Plaza Auditorium	P9	P10	P11	B3	S1
1100 – 1125	Virtual Worlds as a place with student choice in Higher Education	Disruption disrupted: from emergency online teaching to embracing hiflex delivery for student access, inclusion and equity	Gathers, Weavers and Augmenters: Three principles for dynamic and sustainable delivery of quality learning and teaching	Reimagining proctored testing: Developing a student-centered approach to academic integrity	A first Macro View of Australian Research Data	The cybersecurity challenges for research in Higher Education
	Sarah Prestridge *Griffith University*	Dr Tracy Bowell, Dr Nicole Pepperell *University of Waikato*	David Jones, Henry Cook, Steven Booten *Griffith University*	Megan Wuebker *University of Cincinnati*	Ai Lin Soo, Luc Betbeder-Matibet *University of New South Wales*	Kate Carruthers *UNSW*
1130 – 1155	Evaluating a whole institution pedagogic innovation, combining digital and f2f in a rich, active blend: what does success look like, and how do we measure it?	Makers Spaces & Innovations Spaces: Managing intellectual property risk to embrace disruptive technological advances	Implementation of weatherman-style videos via digital chroma key compositing to enhance non-verbal immediacy during online lectures	Accessibility technology for higher education and research	Cloud 2.0 is Here – and it's Changing How Organisations use Data Storage. Look before you leap – cloud storage can be expensive if you are not aware of what you're signing up for	Cyber Security and Risk Awareness: Why are all aspects of cyber security related to an understanding of cyber security risk?
	Shan Wareing *University of Northampton*	Emma McKindley *University of Southern Queensland*	Taw Kuei Chan *National University of Singapore*	Oliver Greiner *Eye-Able*	Rob Waite *Wasabi Technologies*	Glenn Dickman *Griffith University*

⚡ Lightning Talk	🟢 Dynamic Delivery	🟢 Embracing Disruption
🟢 Quality Learning in the Digital World	🟢 Testing Times	
🔵 Online and Multi-Modal Learning for Equity Students	🔵 Cyber Complacency	🟢 Teaching to the Attention Economy
🟢 Cybersecurity	🔵 AI and the emergence of ChatGPT	

1545 – 1715	Dynamic Delivery	Quality Learning in the Digital World	Online and Multi-Modal Learning for Equity Students	AI and the emergence of ChatGPT	Cybersecurity
Chair	Kaye Sullivan, Monash University	Michael Sankey, Charles Darwin University	Anthony Whitty, Australian Catholic University	Gina White, Charles Sturt University	Geoff Purcell, James Cook University
	Plaza Auditorium	P9	P10	B3	S1
1545 – 1715	Speed Design: A ship or a surfboard?	Does your design hold up? Interrogating intentions of online learning design	Meeting the Demands of Post-Covid Hybrid Learning in Canvas LMS	Generative AI in Higher Education	The Tensions of Cyber Resilience in Higher Education – Navigating the sprint to a resilient learning and research environment
	Ailsa Leacy *Infinite Hq*	**Leanne Reynolds, Fleur Connor-Douglas** *Massey University*	**Julian Ridden** *Cidi Labs*	**Thomas King** *Microsoft*	**Dave Robbins** *Cisco*

Session 1 1545 – 1630 Session 2 1630 – 1715	Showcase Tour – State Library of Queensland **Tour Length – 45 Minutes** *Limited Capacity* Founded in 1896, State Library of Queensland is the leading reference and research library in Queensland, responsible for collecting and preserving a comprehensive collection of Queensland's cultural and documentary heritage, providing free access to information for all Queenslanders and for the advancement of public libraries across the State. Join State Library's friendly guides on a tour of the award-winning South Bank building and learn about the spaces, collections, services, and exhibitions.

TUESDAY 18TH APRIL 2023

| 0700 – 0830	**Registration & Exhibition Open**	Plaza Auditorium Foyer
	Plaza Auditorium	
0830 – 0840	**Welcome Day 2 – THETA Conference Chair**	
0840 – 0850	**President Address – ACODE**	
0850 – 0930	**Keynote: Vicki McDonald AM FALIA** **State Librarian and CEO** **Embracing disruption** Vicki McDonald is a key player in the transformation of the library sector in Queensland. As State Librarian and Chief Executive Officer of State Library of Queensland she understands the need for a strong, relevant and innovative library service.

0930 – 1000	**Platinum Sponsor Address – Technology One**
	Kate Shum
	With 20 years experience in the tertiary education sector, Kate has worked across higher education and TAFE in roles spanning from student administration to IT. She is passionate about improving the student experience through user-centric design, process simplification and clever use of technology. Her deep understanding of business processes, strategic challenges and digital transformation come together to drive products and solutions that meet student and educator needs now, and into the future.

1000 – 1030	**Morning Refreshments**	Plaza Auditorium Foyer & Concourse

1030 – 1225	**Dynamic Delivery**	**Embracing Disruption**	**Quality Learning in the Digital World**	**Online and Multi-Modal Learning for Equity Students**	**AI and the emergence of ChatGPT**
Chair	Clare Thorpe, Southern Cross University	Caroline Williams, The University of Queensland	Cassandra Spencer, CAUDIT	Robyn Tweedale, University of Southern Queensland	Steve Johnston, CAUDIT
	Plaza Auditorium	**P9**	**P10**	**P11**	**B3**
1030 – 1055	**Evidence-informed IT planning, procurement, and evaluation in higher education** **Jason Lodge** *The University of Queensland*	**Digital on Campus: Creating a connected offering at UTS** **Michael Gonzalez, Sascha Jenkins** *University of Technology Sydney*	**Application of Knowledge when Learning about the Third Stage of labour through 3D Technology in the Digital World** **Michelle Gray** *Edith Cowan University*	**ACODE Learning Modalities 2022 survey** **Ratna Selvaratnam** *Edith Cowan University*	**Implementing AI in Higher Education: Examining benefits and requirements* (*Everything you ever wanted to know but were afraid to ask)** **Sarah Barkla** *Flinders University*
1100 – 1125	**Taking digitisation to another dimension: building heritage online** **Sarah Charing, Naomi Mullumby** *University of Melbourne*	**Simplifying access to Research IT via the Research Computing Portal** **Callum Cartwright** *The University of Melbourne*	**Avoiding Scorn and Praise – current opportunity and obligation in post-COVID Higher Education** **Dr Kevin Bell** *AWS*	**CQU Success – A learning analytics tool that supports effective digital delivery for all** **Shaune Sinclair** *Central Queensland University*	**ChatGPT – A clarion call for stronger teacher-student relationship** **Josiah Koh** *The Open Polytechnic NZ*
1130 – 1155	**A tale of two Universities: How to pick a delivery model that enhances digital transformation?** **Stuart Hildyard** *Victoria University*	**Creating the 10 million student university** **Kevin Rodrigo** *Google*	**Do we need to be seen to be believed? A comparison of three video feed formats and resulting differences in learning** **Dr Deniese Cox** *Teachingonline.com.au*	**Transforming an equitable student experience : a systemised approach** **Liz Hounslow** *Flinders University Library*	**AI, and why we aren't worried (yet)** **Dr Melissa Silk, Dr Sue-Ann Standford** *JMC Academy*

Plaza Auditorium

1325 – 1405	**Keynote: Professor Tamara Davis**
	Astrophysicist
	Adventures on the Dark Side of the Universe
	Professor Tamara Davis is an astrophysicist who studies the elusive "dark energy" that's accelerating the expansion of the universe. She's "made waves" studying some of the largest waves in the universe, including gravitational waves and sound waves from near the dawn of time.

1405 – 1445	**Keynote: Melissa Silk**
	National Head of Design
	Connected Curiosity
	Melissa Silk is a Sydney educator, working extensively in a variety of contexts to encourage transdisciplinarity through doing, being and becoming. Melissa collaborates with many thinkers and makers to design experiences that embed the Arts in Science, Technology, Engineering and Mathematics (STEAM).

1450 – 1530	Embracing Disruption	Embracing Disruption	Embracing Disruption	Embracing Disruption	Embracing Disruption

	Plaza Auditorium
1600 – 1700	**Sponsored Deep Dive Sessions**
Plaza Auditorium	**Building a Robust and Resilient Digital Infrastructure for Higher Education in Australia** **Technology One – Platinum Partner** This presentation looks at the rapidly evolving technological landscape and how it can be leveraged to address the unique challenges faced by Higher Education institutions in Australia. This includes insights into how data analytics can be used to drive student success and institutional effectiveness.
P9	**Addressing Cyber Security and Complacency in the Higher Education Industry** **Cisco – Gold Sponsor** Educational institutions face significant cybersecurity challenges, from delivering secure online and physical learning experiences, protecting the ecosystem of hybrid learners, staff, educators, and devices in the wake of increasing security attacks, safeguarding research and institutional data, keeping up with changing regulations and more. So how do you keep up and build a holistic security program?This session dives into: • Cybersecurity, privacy, and threats landscape today • Common security use cases in higher education • Leveraging a Security Reference Architecture to safeguard your educational institutions • Innovations to deliver a secure and seamless educational experience for students and staff
P10	**Delivering digital innovation: How higher education institutions can compete in the future digital economy** **Appian – Gold Sponsor** Higher education institutions are facing unprecedented pressure to transform business operations. Attracting students, retaining them, and preparing them for modern life starts with providing easy-to-use technologies to help them be successful on their educational journeys. Institutions that embrace automation and AI can better position themselves to adapt to new trends and stay ahead of the curve. Join this session to hear firsthand from Accenture and Queensland University of Technology (QUT) on how institutions can rapidly develop and deploy digital solutions that modernise legacy IT systems, reduce operational costs and improve efficiencies that can help drive an enhanced student and staff experience.
P11	**How Columbia University, Barnard College, used Data to Accelerate and Simplify their Shift to the Cloud** **SnapLogic – Gold Sponsor** The student experience is a critical component to not only recruiting students but providing services that lead to a high graduation rate. Data is critical to this experience. With data sources and volumes growing at an exponential rate, data modernisation has become a necessity for colleges and universities. Colleges and universities are embracing the cloud, unifying their applications and systems, and putting data at the center of their strategies to enrich the experiences of students, faculty, and alumni.In this session, Nancy Mustachio, Director of Enterprise Applications, Barnard College, sits down with SnapLogic, AVP Asia Pacific, James Campbell, for a fireside chat. They will discuss: • Barnard College's use case for selecting and implementing a unified approach to moving applications and data in the least disruptive manner • Important features to look for when selecting a partner and platform to automate necessary integration toil • Accelerating and simplifying the shift from legacy systems to the Cloud using an iPaaS platform
1830 – 2230	**THETA Gala Dinner** The Gala Dinner is the social highlight of the program and should not be missed. Come and join us at the Brisbane City Hall for another chance to catch up with colleagues, whilst enjoying a great night of food, wine and entertainment. **Location**: Brisbane City Hall **Dress code**: Cocktail

WEDNESDAY 19TH APRIL 2023

0700 – 0830	**Registration & Exhibition Open**			Plaza Auditorium Foyer
	Plaza Auditorium			
0840 – 0850	**Welcome Day 3 – THETA Conference Chair**			
0850 – 0900	**President Address – CAUL**			CAUL COUNCIL OF AUSTRALIAN UNIVERSITY LIBRARIANS
0900 – 0940	**Keynote: Kate Monckton** **IT Security** **How are you going to manage that?** Kate came into cyber security and privacy from a pretty non-traditional background. Her degree is in German and Philosophy and she started her career in strategic sales and marketing consulting.			
0940 – 1030	**Keynote Panel: The Open University** **Panel Chair** – Clare Thorpe, Southern Cross University **Panelists** – Professor Helen Partridge, Deakin University, Fiona Bradley, University of New South Wales & Brendan Heywood, Catalyst IT			
1030 – 1100	**Morning Refreshments**			Plaza Auditorium Foyer & Concourse
1100 – 11155	**Cyber Complacency**	**Teaching to the Attention Economy**	**Quality Learning in the Digital World**	**Dynamic Delivery**
Chair	Nikki Peever, CAUDIT	Kate Elder, Charles Darwin University	Prashant Pandey, Flinders University	Jane Angel, CAUL
	Plaza Auditorium	**P9**	**P10**	**P11**
1100 – 1125	**Managing the lulls: Increasing cyber security awareness amid data breaches** **Simone Poulsen, Deimante Kaupaite** *Griffith University*	**The academic Tik Tok: How the institutional adoption of Microsoft Flip (Video Blogging) led to greater engagement, belonging, and inclusion online through the short video responses** **Seb Dianati** *Charles Darwin University*	**The Libraries and Security Can Be Friends? Findings of a Higher Ed CISO + Librarian Survey on Security of Research and Information On Campus** **Sari Frances** *Elsevier* **Dr Jason Ensor** *Western Sydney University* **Andrew White** *Rensselaer Polytechnic Institute*	**B360 Boola Katitjin – The Technology Journey** **Phil Ferreira** *Murdoch University*
1130 – 1155	**Shift the mindset, shift the narrative: Change your Cyber story from vulnerable to prepared** **Ryan O'Kell, Charlie Hales** *Waterstons Australia*	**Getting started with A.I.'s – Your first steps down the rabbit hole of these new digital disruptive technologies** **Julian Ridden** *Cidi Labs*	**Back to the Future and the Pedagogical Luddite: A journey on seeing the past forward with the powerful new tools** **Malcolm Field** *Kyorin University*	**Student Management Systems – Building out from a legacy monolith to a componentised ecosystem – the journey so far** **Iain Macpherson** *University of Canterbury*
1155 – 1200	**Break: Head to Main Plenary**			Plaza Auditorium
